

Membership Application 2021

Help us continue to enable people to make positive changes in their lives after a cancer diagnosis and see just how much more we can achieve together!

CancerHelp needs to raise between £350,000 and £400,000 each year to continue helping local people affected by cancer cope with the impact of their cancer diagnosis, its treatment and the effect of that treatment. Since CancerHelp began offering its services there have been many changes in terms of available treatments, more people living with cancer or living cancer free and of course the support services that are available to them. Many patients are living for much longer after diagnosis which means that the support needs of patients and their families has changed. Whilst this is very encouraging, increasing numbers of people are being diagnosed with cancer every year. This year however has seen massive impacts on NHS services as a result of COVID-19.

We can move forward together...

We are beginning to see the impact of medical appointments either not being offered or being cancelled which further adds to the anxiety levels that we are all experiencing at the moment. There has been a lot of uncertainty for all of us in 2020 and this continues in 2021 but there is now some hope as the vaccine programme rolls out at pace.

However, from the initial lockdown the Team at CancerHelp has continued to provide services. Exactly what services has been dependent upon government guidelines and each week we review what services can be provided safely. Currently that means one-to-one talking therapy services, mainly by telephone or zoom (online). Sadly, whilst group sessions have not been run since the initial lockdown, some face-to-face counselling and complementary therapy sessions are being provided for those whose mental wellbeing would be significantly affected if they were not able to access support in person.

If you want to help us make a difference then please consider becoming a member of CancerHelp. As a member you will be invited to the AGM (Annual General Meeting), have the right to vote and can help shape the future of our Charity.
